

NOTICE TO THE RESIDENT

USSHER'S CREEK SUBDIVISION

The Contractor, J. Weber Contracting Limited will be commencing construction activities at Ussher's Creek Subdivision on August 27th, 2014.

Initial site works will include installation of sediment and erosion control fencing around the perimeter of the site and on either side of the existing drain.

Earthworks are scheduled to commence on or before September 2, 2014 and will consist of stripping and stockpiling topsoil on-site, followed by earth excavation and placement of fill material for the relocation of the Kurtz Municipal Drain. Upon completion of the Kurtz Municipal Drain works, additional earthworks will be completed to construct the new streets.

All construction vehicles will access the site via Pilkington Street. No construction access will be available via Ariss Glen Drive.

Thank you in advance for your patience and understanding while this work is being completed.

If you have any questions or comments regarding these works, please contact:
