Township of Guelph/Eramosa
8348 Wellington Road 124
P.O. Box 700
Rockwood, ON N0B 2K0

Attention: Kim Wingrove, Chief Administrative Officer

Dear Ms. Wingrove:

Re: **Review of Hidden Quarry Visual Information Package**

On behalf of Brook McIlroy Inc., I was asked by Elizabeth Howson of MSH to peer review a "Visual Information Package" (VIP) for the Township of Guelph/Eramosa

I have received the following documents and drawings:

- Visual Information Package for Guelph/Eramosa Council Hidden Quarry by James Dick Construction Limited (undated. 44 pages)
- Hidden Quarry Site Plans (dated June 6, 2014)
- Hidden Quarry Site Plans (dated August 1, 2014)

I visited the Hidden Quarry site on October 14, 2014 from approximately 11:00am to 1:00pm and was given a tour by Greg Sweetnam and Leigh Mugford of James Dick Construction. During the tour, we drove along Highway 7 and 6th Concession Road and stopped frequently at the vantage points depicted in the VIP. We entered the site at the south-west and north-east corners to view areas where a berm is proposed to be constructed.

I have reviewed the VIP and I am of the opinion that the information contained within it is reasonably accurate and that it fairly represents the ability of the public to view the proposed operation from lands around the site.

Yours very truly,

Brook McIlroy Inc.
