Price varies.
- Insurance is required to protect the renter from any unforeseen incident that may occur during the rental. The insurance protects the renter as well as the municipality from unforeseen bodily injury, property damage, and personal and advertising injury liability due to activities that occurred during the rental contract.
- It remains the responsibility of the renter to manage and control the special event, and if necessary; take appropriate actions, including stop-service of beverage sales, ending the event, vacating Municipal property, and ensuring safe transportation options are provided for guests.
